## Skills

The Cambridge National in Creative iMedia will equip students with a range of creative media skills and provide opportunities to develop, in context, desirable, transferable skills such as research, planning, and review, working with others and communicating creative concepts effectively. The skills developed throughout the course include:

- memory recall regarding information on the effective use of creative media;
- evaluating the purposes and uses of creative media;
- research, analytical and evaluative skills;
- analysing problems encountered in creative media;
- interpreting and presenting information to communication effectively;
- independent working;
- managing time efficiently;
- sourcing, selecting and storing appropriate assets effectively for a variety of contexts;
- identifying and applying a wide range of techniques to create work that is fit for purpose;
- being creative to complete work that involves selecting, using, and combining multiple applications to achieve challenging goals;
- digital literacy to be able to successfully find, evaluate, create and communicate information;
- ICT skills specifically using advanced tools and techniques of graphics and multimedia software.

## Assessment

This is a modular assessed course with internal assessments throughout the course, internally assessed coursework units and external assessments in Year 11.

There are four units, each equally weighted:

Unit 1 – Pre-production skills (externally assessed)

Unit 2 – Creating digital graphics (internally assessed coursework)

Unit 3 – Creating 2D & 3D digital characters (internally assessed coursework)

Unit 4 – Creating an interactive multimedia product (internally assessed coursework)

Further details about the course can be found at: <https://www.ocr.org.uk/qualifications/cambridge-nationals/creative-imedia-level-1-2-award-certificate-j807-j817/>
