

GOSFORTH GROUP ANTI-BULLYING POLICY

General Statement

The School Standards and Framework Act 1998 requires maintained schools to have an Anti Bullying Policy.

The Trustees values the good relationships fostered by the school and expects that every allegation of bullying will be taken seriously. The issues surrounding bullying, for both victim and perpetrator, are complex and therefore should be investigated fully. We aim to be a school where all students feel confident to tell staff about their worries and concerns and we promote a positive social environment in which all children and young people feel valued and respected.

All staff, pupils and parents should be aware of the negative effects that bullying can have on individuals and the school in general, and should work towards ensuring that pupils can work in an environment without fear.

Bullying is unacceptable in this school and will not be tolerated. The school also recognises that because of the verdicts in bullying cases it must take note of bullying perpetrated outside school which spills over into the school. The school will do what is reasonably practicable to eliminate any such bullying.

AIMS

- to raise awareness of, and define bullying as well as gain an understanding as to why children bully;
- to demonstrate that the school takes bullying seriously and that it will not be tolerated;
- to take measures to prevent all forms of bullying in the school and on off-site activities;
- to support everyone in the actions to identify and protect those who might be bullied;
- to demonstrate to all that the safety and happiness of pupils is enhanced by dealing positively with bullying;
- to promote an environment where it is **not** an offence to tell someone about bullying; or
- to promote positive attitudes in pupils (including assertiveness training).

Definition of Bullying

Bullying is deliberately hurtful behaviour, whether physical or psychological, repeated over a period of time where it is difficult for those being bullied to defend themselves. It may be that the bullying involves a group of students who are involved in a single situation who behave in a deliberately hurtful way towards a single or group of students. The result of their action is the key issue as a rule of thumb we will consider that the outcome of their collective behaviour and the perception of the victim are paramount in deciding the necessary sanction.

According to 'Kidscape':

- bullying involves aggression (deliberate) and unequal power relationship; and
- it results in pain and distress and is persistent.

Responsibilities

- the Curriculum Lead is responsible for initiating and developing with appropriate colleagues an anti-bullying programme as part of the PSHE and Citizenship course; and
- Subject/Department Leaders are responsible for introducing anti-bullying material in their programmes of study as appropriate.

Changing the attitude and behaviour of bullies will play a major part in the strategies used by the school.

Procedures

How is bullying shown?

It can be:

- physical;
- verbal;
- social or psychological;
- cyber bullying; and
- often an inter-relationship between classes/groups.

Signs of Bullying

Pupils who are being bullied may show changes in behaviour, e.g. becoming shy and nervous, feigning illness, taking unusual absences or clinging to adults. There may be changes in work patterns, a lack of concentration, or truancy.

All staff should be aware of these possibilities and to report promptly any suspicions of bullying to the Pastoral Lead/Assistant Principal, Pastoral Team Leaders or Subject/Department Leaders. Pupils will be encouraged to report incidents of bullying.

Form Tutors and PSHE teachers will include anti-bullying training in their programmes.

Dealing with Incidents

- if bullying is suspected or reported the incident will be investigated and dealt with initially and immediately by the teacher approached;
- if a racial element to the bullying is suspected the (Principal/Pastoral Lead must be informed immediately);
- the teacher will record the details of the incident and inform the appropriate pastoral team member;
- the pastoral team member will interview all the parties and make a record;
- staff teaching the bullied pupil will be informed;
- the pastoral team member will determine in consultation with the Pastoral Team Leader or Pastoral Lead Assistant Principal the appropriate strategy and plan of action to combat the bullying;
- parents will be kept informed by the pastoral manager;
- any sanctions against the bullies will be determined in line with the behaviour policy.

Bullied Pupils

Staff who deal with pupils who have been bullied must always offer reassurance. Pupils who have been bullied will be given support determined by the pastoral manager in consultation with the pupil. In some cases, - if appropriate, 'no-blame' anti-bullying work may take place with the victim's permission.

Bullies

Changing the attitude and behaviour of bullies will be part of the responsibility of the positive procedures used by the school. However, the school recognises that sanctions will also have to be used against bullies. Refer to above.

Sanctions

Any of the school's formal punishments can be used against bullies as appropriate. For persistent offenders or incidents considered as gross acts of aggression a pupil could be permanently excluded.

Involve ment of Parents

Parents, as well as all staff and pupils, should know that the school will not tolerate bullying, and takes a positive approach to educating pupils to combat it.

Parents of pupils who are being bullied and parents of the bullies will be involved in the solution to the problem as appropriate by the relevant pastoral manager or tutor in consultation with the appropriate Assistant Director or Learning Manager.

Parents will be informed of the policy and procedures and the possibility of permanent exclusion following gross acts of bullying.

Involve ment of Pupils/Students

Pupils will be involved in the positive strategies through both the school council and forms/tutor groups. Pupils will have an input into the PSHE anti-bullying programme, and will be consulted on how it could be developed.

A major part of the programme will consist of educating pupils in how to cope with bullying.

Strategies for Dealing with Bullying

Useful advice can be found in the DCFS non-statutory guidance **Bullying – Don’t Suffer in Silence – An Anti-Bullying Pack for Schools (64/2000)**. The pack gives guidance on whole-school policies, pupils' experiences, finding out about bullying in school, strategies to combat bullying, working with parents, beyond the classroom, and advice for pupils, parents and families, along with case studies and advice on materials.

OFSTED has also published a report on bullying in schools - **Bullying: Effective Action in Secondary Schools HMI 465** - following a survey of secondary schools and LAs. It includes pupils' accounts of bullying and their views on how it might have been prevented. It offers advice to secondary schools on how to set about tackling bullying.

Criteria for Success

Monitoring of the effectiveness of the policy will be by Assistant Principal/Pastoral Lead and Pastoral Team Leaders who will record bullying incidents on CPOMS and submit feedback to the Principal.

Counselling

The school is prepared in appropriate cases to arrange counselling for both bullies and the bullied. Kidscape gives advice on child safety policy, runs a Helpline for parents - Tel: 020 7823 5430 and organises free one-day sessions for bullied children.

Reporting and Recording

All incidents must be reported and recorded using the school's CPOMS System.

Staff Training

The CPD Lead is responsible for arranging a programme of staff development, which will include anti-bullying strategies. This will include training for education support staff and LAG members as well as teachers.

Monitoring and Review

The Pastoral Lead will keep and consider reports on serious incidents, and make a termly report, with statistics, to the Principal. The Principal will consider the reports with the Leadership Group to determine what can be learned from the incidents and how they were handled with a view to improving the school's strategies.

The Principal will make an annual report to the Trustees.

DFE

Racist attacks are committed not only against a community but also in the eyes of offenders themselves, on behalf of a community - they see themselves as supported by their friends, family and peer group, and they may well feel it is right and proper to take the law into their own hands.

A holistic approach involves dealing with bullying around racism, religion and culture within a context that involves bystanders as well as ringleaders and puts a school's energy into actively changing behaviour.

National Children's Bureau found disabled children and those with visible medical conditions can be twice as likely as their peers to become targets. Mencap found nearly 9 out of 10 people with learning disability experience some form of bullying, over 2/3 on a regular basis.
