18th February 2025

Dear Mr Chahal

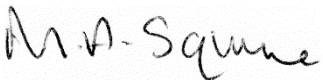

The National Quality in Careers Standard for Careers Education, Information, Advice and Guidance (CEIAG)

I am absolutely delighted to inform you that it has been decided that your institution will receive the national Quality in Careers Standard, which recognises the high standard of your careers provision and this standard is awarded for 3 years until February 2028. It is a real achievement to go through this accreditation process, and I know how much hard work Li-Am Carter has put in to get this accreditation, so many congratulations.

Nicky Brown who is one of my assessors who completed the assessment process with your school said that the academy careers team, Careers Champions and SLT are continually reviewing and developing their CEIAG provision, so it meets students' needs and aspirations. They have plans in place for how they want to continue to grow and develop their offer both pre and post 16 and ensure careers is firmly embedded across all curriculum areas.

I will be sending the Award certificate to Li-Am, and I will email the national Quality in Careers Standard logo, which can be used on your paperwork and on your website.

Yours sincerely

Michele A Squire (Careers Education Strategic Manager – Ixion Holdings)
